

No-Grate Liquid Laundry Detergent

1/2 CUP OF BORAX

1/2 CUP OF WASHING SODA

1/2 CUP OF DAWN DISHWASHING LIQUID

ADD INGREDIENTS TO A RECYCLED CONTAINER LIKE A JUICE OR MILK CARTON. (I USED AN 89 OUNCE JUICE CONTAINER - APPROX. 3 QUARTS)

ADD 4 CUPS HOT WATER TO DISSOLVE THE INGREDIENTS, THEN FILL THE CONTAINER THE REST OF THE WAY WITH COLD WATER. GIVE THE BOTTLE A GOOD SHAKE BEFORE ADDING IT TO THE WASHER. USE 1/4 CUP PER LARGE LOAD OF CLOTHES.
